Producer and Import Price Index in February 2017

0.2% decline in Producer and Import Price Index

Neuchâtel, 15.03.2017 (FSO) – **The Producer and Import Price Index fell in February 2017 by 0.2% compared with the previous month, reaching 100.2 points (base December 2015 = 100). This decline is due in particular to lower prices for scrap, petroleum products and pharmaceutical products. Compared with February 2016, the price level of the whole range of domestic and imported products rose by 1.3%. These are the findings from the Federal Statistical Office (FSO).**
