Producer and Import Price Index in September 2017

0.5% rise in Producer and Import Price Index in September 2017

Neuchâtel, 13.10.2017 (FSO) – **The Producer and Import Price Index rose in September 2017 by 0.5% compared with the previous month, reaching 100.5 points (base December 2015 = 100). The rise is due in particular to higher prices for petroleum products, basic metals, semi-finished products of metal, and scrap. Compared with September 2016, the price level of the whole range of domestic and imported products rose by 0.8%. These are some of the findings from the Federal Statistical Office (FSO).**
