Producer and Import Price Index in October 2018

Producer and Import Price Index rose by 0.2% in October 2018

The Producer and Import Price Index increased in October 2018 by 0.2% compared with the previous month, reaching 103.4 points (December 2015 = 100). The rise is due in particular to higher prices for petroleum products, petroleum and natural gas. Compared with October 2017, the price level of the whole range of domestic and imported products rose by 2.3%. These are some of the findings from the Federal Statistical Office (FSO).
