Construction expenditure in Switzerland in 2018: provisional data

## Positive development of construction investments in 2018

In 2018, year-on-year construction expenditure rose in nominal terms by 2.1%. Compared with the previous year, investment in building engineering projects increased by 1.1%, while investment in civil engineering projects rose by 4.9%. These are provisional findings from the 2018 Construction Statistics from the Federal Statistical Office (FSO).
